ECAWA and GST

As a not-for-profit organization with an expected turnover under \$100 000, ECAWA has chosen not to register for GST.

This means that no GST is payable on ECAWA membership fees, and we are not permitted to issue a Tax Invoice or claim GST credits. When completed, this membership application form may be used as an invoice for purposes of payment – but is not a TAX invoice.

If you require any further information about this matter please contact the Australian Taxation Office or check the website www.ato.gov.au

WHAT IS ECAWA?

ECAWA, the Educational Computing Association of Western Australia (Inc), as an association of volunteers, is committed to furthering the advancement of education by promoting the use of Information and Communication Technologies as powerful aids to learning.

Our common interest is to find better ways to use ICT in teaching and learning environments, to cultivate, foster and extend the professional development and professional learning of members and to provide a forum for those interested in the development of the educational use of Information and Communication Technologies. We want to see what the latest in software, hardware, infrastructure and trends in technology can mean for our students and in our schools, and share our discoveries and ideas with others.
