ECAWA - Pre Conference Workshop August 23rd

There are some subsidised places still available for teachers of secondary computing subjects in the pre conference workshop on Thursday the 23rd of August.

This workshop will provide participants with an opportunity to work to develop / refine teaching programmes, resources, skills etc for use with their students, with the assistance of the workshop facilitators, Vicki Thomas and Mike Leishman.

This workshop is heavily subsidised by ECAWA, SiMERR and the ACCE to keep the cost to schools to a minimum.

If you would like to take part in the workshop please contact president@ecawa.asn.au as soon as possible for more information and registration forms.
