

Workcard

Number

cd41w2

Level: 4**Strand: Chance and Data Substrand: Understand Chance****Giving numbers to Chance**

Using a scale from 0 to 1 we are going to place a number of events
 If 0 is impossible and 1 to definitely going to happen write down 10 events which
 have a probability of 0 , 10 with a probability of 0.5 (Half) and 10 which have a
 probability of 1.

Probability of 0	Probability of 0.5	Probability of 1
The sun rising I the west tomorrow	Getting a head when flipping a coin	When you roll a normal die you get a number

Give these expressions a value from 0 to 1

Will never happen

Even chance

Poor chance

certain

impossible

good chance

Definitely happen

Reflection

What did you do well in this activity?

What could have you improved?

What new things have you learnt?
