

Workcard**Number****m62w1****Level: 6****Outcome: Measure 9b Direct Measure**

This Sheet to be used with the Standard Time Zone Sheet.

Universal or Greenwich Mean Time(GMT) is the central reference point for time measurement on this planet. 0° Longitude goes through Greenwich England and it is from here all other times are calculated.

If it is 2pm in Greenwich (Zone Z) then in Perth Zone (H) the time is +8 hrs which means it is 10pm.

What is the time in New York (Zone R)?

If it is 10am in Hawaii(Zone W) it is what time in California (Zone U)?

If it is 11pm in Perth (Zone H) what time is it in Hobart (Zone H)?

	Zone			Zone
1	Z	12 noon	What time is it in	C ?
2	P	3 am	What time is it in	S ?
3	H	5pm	What time is it in	I* ?
4	M	10 am	What time is it in	C ?
5	T	10 pm	What time is it in	P ?
6	K	4.30 am	What time is it in	N ?
